## Love and Romance Report

This love and romance report is quite efficient for all those who are looking for a love relationship or are currently in an unstable relationship. Each and every aspect of your love life will be covered in this report, which can heavily impact your love life. Your personality, love mate's behaviour, position of Venus in your Kundli and its influence upon you and many others arenas of your love life have been explained in details in this love and romance report. Let us now take a look at your love life according to your Kundli.

## Your Personality

Being born under Taurus ascendant can make you impractical, which other people won't really like. Due to your calm and introverted behavior, you don't really prefer meeting or mingling with new people. In case you are not well-treated or understood, you can develop a feeling of resentment and conservatism towards others. You often face difficulties in making new friends, which makes you hesitant to meet new people. You can be reliable and practical in nature, which can make you successful in business. You may possess a hint of sensuality in your personality. Due to this, you strive for materialistic happiness in all fields and can also be quite entrepreneurial in nature.

You complete your tasks according to your time, appreciate the efforts made by other people and openly praise their talent. At that time, you can behave like a boss. Natives under your zodiac sign cannot be easily lured or attracted, and if done so, one has to remain highly cautious. You are very firm about your values and principles, and it is not easy to change your perspective. Your quality of appreciating truth and affectionate nature attracts others towards you. Because of this, you have a magnetic personality. You will not be impulsive by nature, but if you are treated with coercion, you can become furious. Sometimes, you can also be prejudiced and stubborn. You choose your friends quite carefully. And you do not like to lie though you can be

easily persuaded.

## Merits & Demerits According To Moon Sign

Leo is the fifth zodiac sign in the Zodiac Belt, whose ruling lord is the Sun. Leos are highly focussed in their love life and appreciate every effort made by their beloved. Right from birth, they are blessed with the quality of leadership. They are courageous, determined and royal. They imprint others with their attractive personality and features. Leos possess a warm and energetic personality and can be talkative at times. However, they choose their words wisely. They prove to be romantic in nature when it comes to their love life.

The uniqueness in Leo natives attracts people of opposite sex. They prove to be true companions as friends and live their life royally like a king. They are honest by nature and have no sense of jealousy towards others' success. They have higher expectations from themselves than others. Leo natives can seem to be more excited while working. These people are very optimistic, benevolent and kind.

## Impact of Venus's Position On Your Love Life

As Venus is the significator of love related relationships, it is very necessary to take its position into account while contemplating decisions about your love life. In your Kundli or birth chart, the particular planet is occupying your fourth house. Love relations will be quite imminent for you but you won't be able to do much well in your relationship. Your partner may also question some of your choices as he or she will not be comfortable with them. The placement of Venus will have a negative impact on your decision making powers and capabilities. Consequently, you may come to some conclusions which will lack vivacity.

## Fifth House (House of Love) Of Your Kundli

The fifth house and fifth house lord of your kundli reveal about your love life. Virgo, the sixth zodiac sign, is posited the fifth house of your kundli. Virgo is ruled by the Mercury. Your love life will remain under the influence of Mercury, due to which you will maintain a "give-and-take" approach in your relationship, i.e.

you will expect the same level of love or respect from your partner as you give to them.

## Seventh House (House of Marriage) Of Your Kundli

The seventh house of the kundli reveals about your marital life. Scorpio is posited in the seventh house of your birth chart, and ruled by the planet Mars. Because of this, you will have to understand the behavior of your spouse in order to lead a blissful married life. Your partner can be a little introverted or confine things to him/herself. In such a case, you will have to dive into the depths of his/her heart and find out his/her condition so that your married life remains prosperous. To strengthen your married life, you should either take them out on a trip or dinner from time to time.

## Personality Of Your Spouse

Your life partner will be quite simple in nature, who will not only pay heed to your words but also abide by them. Also, your life partner does not express his/ her emotions in front of you easily. He or she will also work hard to maintain the right kind of balance in life. If your behaviour towards your life partner is acceptable, then you will not encounter any kind of problems with him or her.

Since your seventh house is being resided by the zodiac sign Scorpio, your life partner will keep some things to himself/herself, so that your conjugal life doesn't lack happiness. They will be quite possessive of you, and will also be expressly interested in enjoying intimacy with you. Although they will be unable to express themselves clearly, and getting them to let out their thoughts will be a challenge for you - yet they are the perfect partner for you. Do not hurl insults on your life partner as it will be the most grievous mistake to commit.

## Love Life According to Numerology

Natives with Root Number 5 are social butterflies, and therefore, have a large social circle. However, the love affairs of such people are often short-term, and many such relations are only made for the sake of money. You can occasionally be seen getting out of a relationship quickly, to move into another. Many natives of Radical number 5 also have yogas of two marriages in their kundali. Although your marital life will be blissful, however, worries concerning your children can trouble you.

## Suggestions & Remedies

Romance definitely plays an inherent part in your life, which is why you prefer to spend more and more time with your love mate. However, your partner may tend to maintain some distance from you on account of your overtly inclined nature towards him/her. There will be lessened ideological differences between the both of you. Hence, occasional tiffs will not follow. In order to please your partner, you will not take the back seat. Below given are some remedies, which will bring positive changes to your love life.

- Prioritize your partner over everyone and everything
- Do not keep your emotions to yourself, pour it out in front of your partner.
- Use white coloured items excessively.
- Limit the intake of sugar
